

# Ambassadors Show First Responders Gratitude

---

Ponte Vedra Beach, Fla. – Ocean Palms Elementary School students, both past and present, as well as organizations throughout the community collaborated on a special project to thank area first responders. Seventy-five special “thank you” gifts were sent to four fire stations and sheriff offices in the area.

From reusable water bottles, to snacks to create a to-go snack bar, to reusable bags and gift cards to local eateries, these heroes were recognized for their dedication to our community.

In addition to the current 5<sup>th</sup>-grade student ambassadors, two Ponte Vedra High School students, both former ambassadors, also helped lead the cause. Belle Benson inspired the cheerleading squad at the high school to donate snacks for the responders. Additionally, Grayson Rigby helped assemble the gifts and deliver them.

Local organizations that also contributed to the cause included Beaches Go Green, Coastal Luxury Outdoors, Smoothie King and Firehouse Subs.
